Belt Promotion

Newsletters
Stay updated with the latest gym news and announcements

📰 **Welcome to iDoze Gym Management System**   NORMAL Priority
👤 By Admin User   📅 Sep 15, 2025   For Everyone

Dear Tecumseh Jujutsu Community,

We're excited to introduce our new gym management system! This platform will help streamline our operations and enhance your training experience.

Key Features:

- **Easy Class Booking**: Reserve your spot in classes up to 2 hours before start time
- **Attendance Tracking**: Automatic progress tracking and belt rank management
- **Real-time Updates**: Get notified about schedule changes and important announcements
- **Personal Dashboard**: View your training history and upcoming sessions

Getting Started:

1. Log in with your email and temporary password
2. Update your profile information
3. Browse upcoming classes and make your first booking
4. Check in at the gym using our digital system

Important Reminders:

- Maximum 40 spots per class
- Cancellations must be made at least 4 hours before class
- Please keep your emergency contact information current

We're targeting 50% class utilization to ensure quality instruction while maintaining a sustainable program.

Thank you for being part of the Tecumseh Jujutsu family!

Best regards,

The Management Team

Belt promotion interface allowing instructors to advance students through belt ranks with proper tracking and documentation.
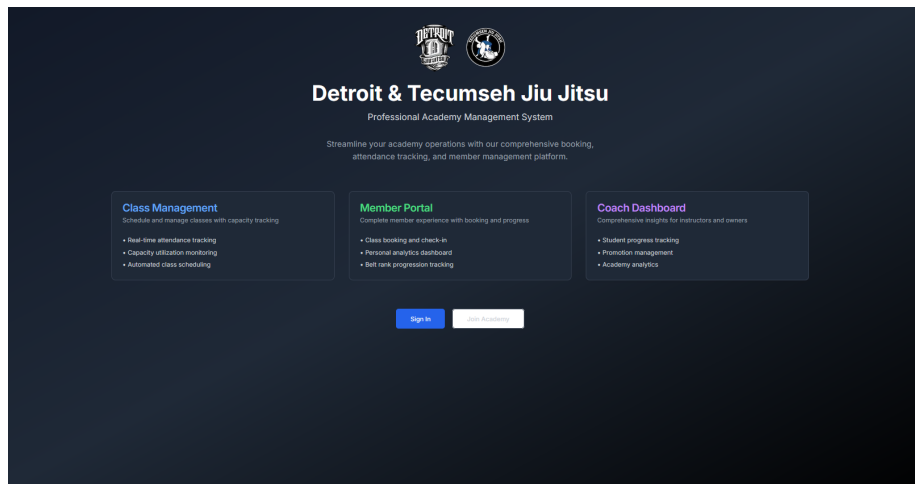

Analytics & Reports

Analytics Dashboard
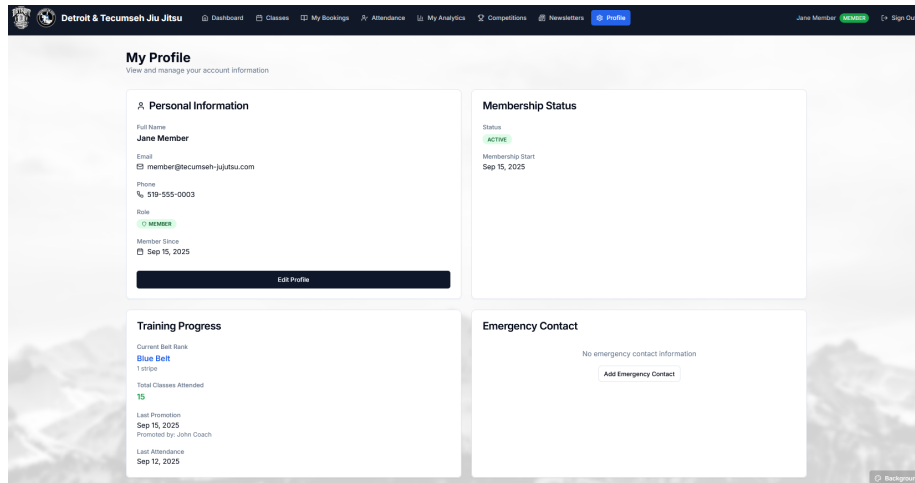

*Comprehensive analytics dashboard showing key metrics, class utilization, and business insights for gym management.*

Detailed Analytics

In-depth analytics with charts and graphs showing attendance patterns, member engagement, and performance metrics.

⊙ Background

Newsletter creation and management system for gym-wide communications and announcements.
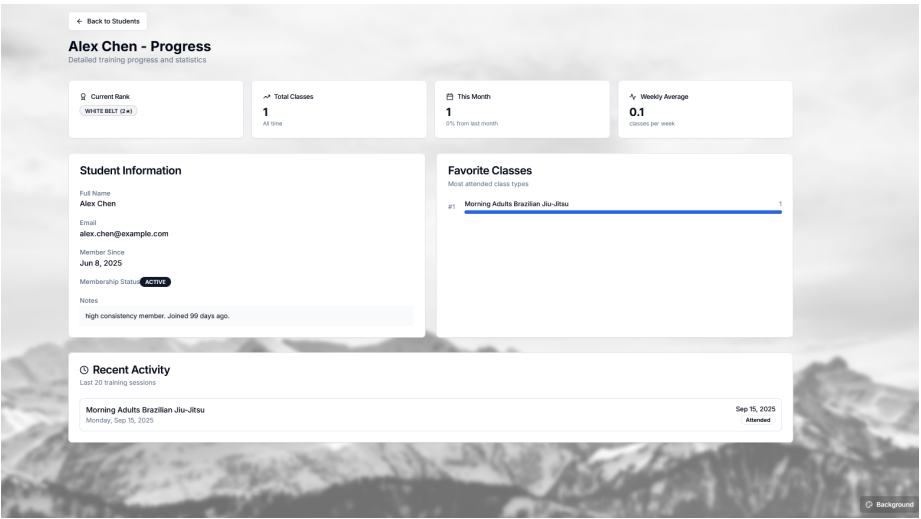

Newsletter Archive
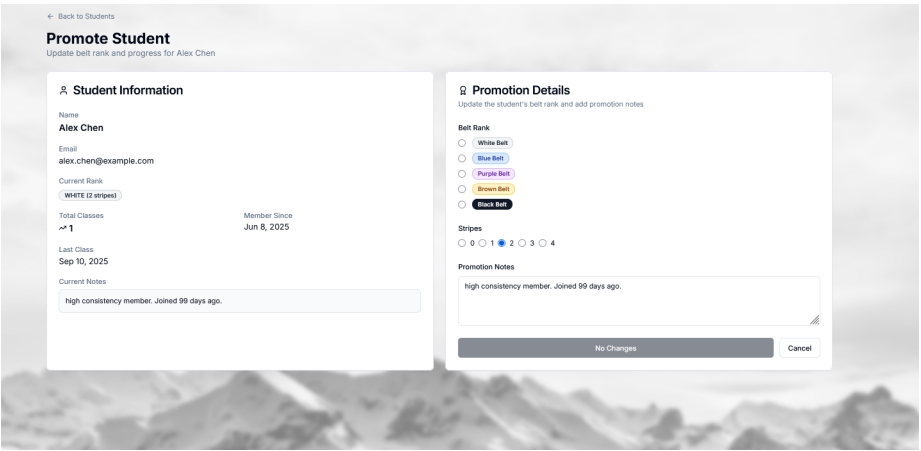

*Archive of published newsletters with easy access to past communications and announcements.*

Profile Management

User Profile

Personal profile management where users can update their information, emergency contacts, and account settings.

Emergency Contacts
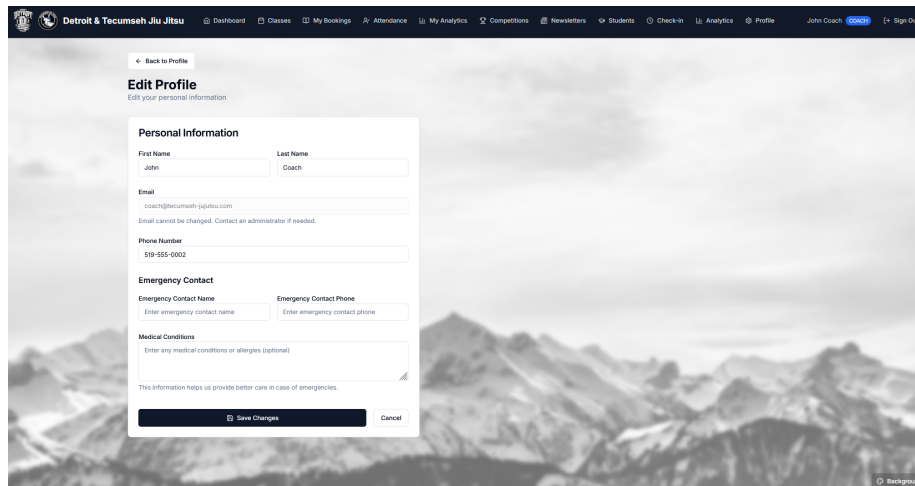

Emergency contact management interface ensuring student safety with up-to-date contact information.

Background Customization

Custom background selection feature allowing users to personalize their dashboard experience with preset images or custom uploads.

Design Features

- **Dual Branding**: Detroit & Tecumseh Jiu Jitsu logos
- **Custom Backgrounds**: Mountain landscapes, rainy atmospherics, and

gradient themes
- **Role-Based Interface**: Different views for Members, Coaches, and Admins
- **Responsive Design**: Optimized for desktop and mobile devices
- **Dark Theme**: Professional martial arts aesthetic
- **Background Customization**: Users can select from preset backgrounds or upload custom images

Technical Features

- **Real-time Updates**: Live class availability and booking status
- **Advanced Search**: Quick filtering across all data sets
- **Export Capabilities**: Data export for reporting and analysis
- **Automated Notifications**: Email/SMS alerts for important events
- **Progress Tracking**: Comprehensive belt rank and attendance monitoring
- **Multi-role Access**: Secure role-based permissions system

User Experience

The interface prioritizes ease of use with intuitive navigation, clear visual hierarchy, and efficient workflows. Each screen is designed to minimize clicks while maximizing functionality, ensuring both new and experienced users can quickly accomplish their tasks.
